GDPR legislation allows a membership organisation such as us to use an individual's data without consent if we can show it is in their – or a third party's – legitimate interests, and this is not outweighed by the rights and interests of the individual. As a consequence, the information we hold about you/your child that we use for the basic running of the Club does not require consent. There are some circumstances when we will need consent. Third party email marketing is a good example of this - we would need your consent to sign you up to receive marketing or promotional material by email, from our sponsors, partners or third parties.

If you are happy to receive 3rd party promotional materials please tick this box:

The information we keep about you/your child is held on computer and managed in compliance with GDPR legislation. Information is only accessible to those deemed appropriate to receive that information. No data will be released to third parties, external to the club, without the above permission. As part of the club's promotional activities and as part of the club's news distribution network, pictures showing children involved in club activities will appear on the club and other websites, club newsletters, social media and marketing materials. Photos may be submitted to the RFU and other bona fide rugby authorities for the purpose of promoting the club and other legitimate activities. Names and addresses are always withheld from publication.

In signing this form, you confirm you are legitimately entitled to give permission, and do grant such permission for the information and photographic images given above to be used as detailed. You also authorise any coach, or official of Hitchin Rugby Club to act in the capacity of *in Loco Parentis*, in that if in the opinion of that coach or official, the above child(ren) require immediate medical treatment and in the instance of telephone consent being unable to be sought for whatever reason, You hereby give consent for any medical treatment, including anaesthesia, transfusion and any other surgical procedures, if in the opinion of appropriately medically trained and qualified person(s), the withholding of that treatment would be to the detriment of the child.

HRFC M&Y Code of Conduct

Hitchin Rugby Club requests and requires its members, players, parents and others to understand and conform to its Code of Conduct and to the RFU Code of Rugby (above) in that:
